## Moving Information

East Coast Moving, LLC, is a licensed and insured moving company serving Brunswick County locally and Maine to Florida as well. We are experienced and requested, ask a neighbor! We are a member of the American Moving and Storage Association, the NC Movers Association, Inc. , the Better Business Bureau, and the Chamber of Commerce.

### HOURLY RATED SHIPMENT

Moves of 35 miles or less are billed at hourly rates. The clock starts when the movers arrive at your home and ends when all the services at the destination have been completed. A charge for travel time may be assessed.

### WEIGHT/DISTANCE MOVES

Moves greater than 35 miles are billed based on weight and distance. After the vehicle has been loaded, the mover will weigh your shipment. All weights will be shown on the Bill of Lading. If no adequate scale is available, a "constructive weight" (7 lbs. per cu. ft. of properly loaded van space) may be used to determine the weight of the shipment.

### VALUATION

You clearly select the liability levels you desire. Settlement of any claim for loss/damage is based upon your selection.

#### *Basic Value Protection*

Maximum liability shall be \$0.60 per lb. based upon the actual weight of any lost or damaged article.

#### *Depreciated Value Protection*

Maximum liability is either \$1.25 times the actual weight of the shipment of a lump sum value declared by you, less depreciation.

#### *Full Value Protection*

This maximum liability option shall be the greater of \$4.00 times the actual weight of the load or the declared lump sum value of the shipment. The mover will have the option of replacing them with articles of like-kind quality or paying you for the cost to replace.
